

# POLYURETHANE FOAM SYSTEMS

## Value and Versatility for the Transportation Industry

......

Premium quality foam systems for OEM and repair use.

### FOR THE TRANSPORTATION INDUSTRY

Touch 'n Seal<sup>®</sup> foam systems offer value and versatility ideally suited for both OEM and repair of all types of transport vehicles. In addition to the repair, structural strengthening and repair of reefer trailers, Touch 'n Seal foam systems are ideal for sound and thermal insulation of passenger vehicles, emergency response vehicles, buses and aircraft. Touch 'n Seal provides easy-to-use application systems with fast results and consistent superior quality.

### FLEXIBLE FOAM SYSTEMS

Touch 'n Seal spray polyurethane foam systems are available in sizes ranging from small disposable units to 120 gallon refillable foam systems.

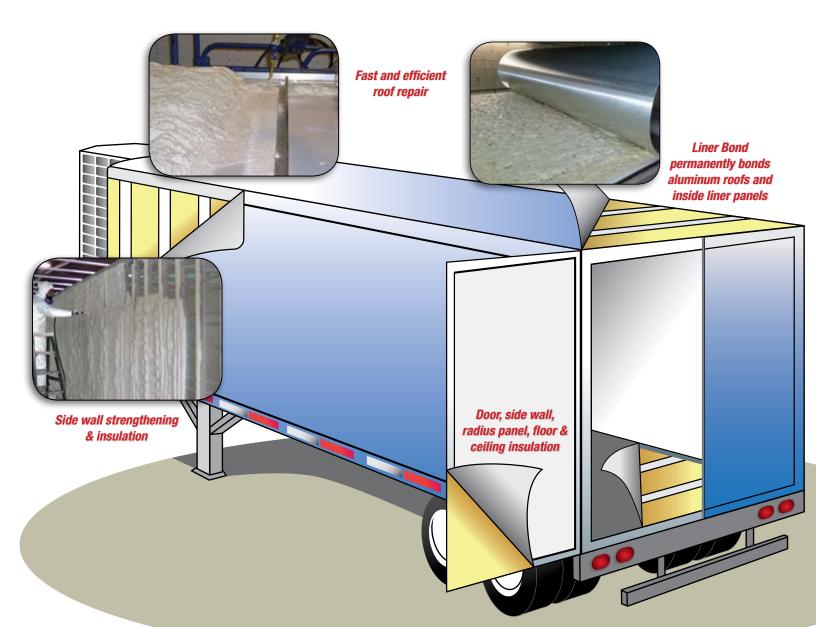

#### Formulations available:

#### **Standard Foam**

Class II disposable foam kits, 1.75 pcf, in sizes ranging from 15 - 600 board feet

#### **Fire Retardant Foam**

Class I certified, 1.75 pcf. Refillable units from 17 to 120 gallons, and disposable kits ranging from 200 - 750 board feet

# **POLYURETHANE FOAM SYSTEMS**

The convenience of disposable foam kits meets the efficiency of bulk systems in the new CPDS™ 1000

### **BEIL** BES

Lower investment, returnable systems are easier to set up and maintain than "foam rigs".

Ranging in size, these two-component systems are portable and ready-to-use. Ideal for smaller areas.

# LINER BOND TRAILER ADHESIVE

- Faster than caulk
- Fills all voids
- Easy spray gun application
- 5X stronger than other foam adhesives
- Safer than competitive adhesives no carcinogens
- · Contains no harmful solvents and is non-flammable
- · Controlled tack time for proper liner placement
- Total cure in 24 hours, reduces downtime
- Ready-to-use, portable, disposable units

### Installation is easy! 3 Simple Steps:

Caution: Contents under pressure. Contains polyisocyanates, may be irritating to eyes, skin and respiratory tract. Use only with adequate ventilation. Wear protective clothing, safety glasses and gloves. See Material Safety Data Sheet for additional information.
